About Fudge

Fudge is a role-playing game written by Steffan O'Sullivan, with extensive input from the Usenet community of rec.games.design.

The basic rules of Fudge are available on the internet at <http://www.fudgerpg.com/> and in book form from Grey Ghost Press, Inc., P.O. Box 838, Randolph, MA 02368. They may be used with any gaming genre. While an individual work derived from Fudge may specify certain attributes and skills, many more are possible with Fudge. Every Game Master using Fudge is encouraged to add or ignore any character traits. Anyone who wishes to distribute such material for free may do so; merely include this ABOUT FUDGE notice and disclaimer (complete with Fudge copyright notice). If you wish to charge a fee for such material, other than as an article in a magazine or other periodical, you must first obtain a royalty-free license from the Grey Ghost Press, Inc., P.O. Box 838, Randolph, MA 02368.

ROMANCE, ANGST...

AND REALLY

BIG ROBOTS

Mecha have been a part of shoujo for a long time, and now mecha are coming to your HeartQuest game with Steel Roses!

The complete mecha rules for the HeartQuest system enables you to build any vehicle, mecha or spacecraft you can imagine with unparalleled flexibility. Build an AI-controlled robot with a mind - and soul - of its own. Then try to control it...

Features the sample campaign *Asuka Dangerous!*, in which a teenage heroine and her friends defend the town against mecha-raiders, including... her first love? Inner conflict and exciting action drive this spectacular campaign!
